

CVC Stickers

Printable CVC Stickers - Freebie

How to use your CVC Stickers

Printing

- Print pages 2–6 (one page for each short vowel: a, e, i, o, u).
- Use A4 or Letter full-sheet sticker paper, then cut out each circle.
- No sticker paper? Print on card stock and use them as reward tokens.
- If the edges get cut off, choose “Fit to page” in your print settings.

Ideas for using them

- Reward focus: a child reads the word on the sticker before they earn it.
- Sticker charts: collect all 12 stickers from one vowel to complete a set.
- Sort by vowel: mix the cards and sort them into a, e, i, o, u groups.
- Say it and spell it: sound out each word, then write it below the sticker.
