

Phonics Spin Academy

Interactive Spin Game & Printable Teaching Toolkit

Level 1

CVC

Toolkit Preview

CVC Toolkit One Resource, Four Teaching Options

Start with the Phonics Playmakers™ CVC Spin Game, then reinforce learning with this complete teaching toolkit of printable classroom activities.

● **Level 1 – Bingo** - 6 cards (3 word sets, each with a picture card and a word card)

Includes 14 themed word sets with both picture and word bingo cards.

● **Level 2 – Word Builder** – 3 cards

Children can take turns to build and decode CVC words using the Nudge and Freeze buttons.

★ **Free Play**

Use this flexible mode at any stage for introducing new patterns, providing extra support, revising previous learning or simply having fun constructing words and sounds.

Use the Nudge, Freeze and Repeat buttons to create your own words, compare word family patterns and explore both real and nonsense words.

● **Teacher's Choice** – 2 Blank Cards

Customise the blank Word Builder and Bingo activities by adding your own pictures and words. Perfect for reviewing previous learning or introducing new vocabulary.

Teaching Tips:

Each CVC game mode has been carefully designed around two word families, helping children compare and contrast similar sounds and word patterns.

Printable word tiles are available free for both the Word Builder and Teacher's Choice cards.

CVC Toolkit™

- The CVC Bingo Cards and Word Builder activities have been designed to work alongside the Phonics Playmakers Spin Game.
- Together, the Spin Game and Teaching Toolkit provide a fun, hands-on way for children to scan, decode, recognise and build words while developing confidence through play.
- Start by demonstrating the Spin Game on the whiteboard. Use the Nudge and Freeze buttons to build words, introduce word families or create your own examples in Free Play mode.

Level 1 – Bingo

Each level includes four different picture bingo cards and four different word bingo cards. The cards have been carefully designed to reduce copying while encouraging children to help one another.

Preparation

Print the bingo cards.

Give each child a card along with six counters or a crayon.

Open the Spin Game on the whiteboard.

How to Play

Spin the reels and ask the children to find the matching picture or word on their bingo card.

The first child to cover all of their words is the winner.

Level 2 – Word Builder

Can You Make It?

Preparation

Give each child a Word Builder card together with either:

a pencil, or

a set of letter tiles.

How to Play

Children take turns using the Spin Game to make the words shown on the whiteboard.

The remaining children either:

write the matching word beside each picture, or

Find and place the word tile.

Extension Activities

Memory Match

Up to four children take turns matching the picture cards to the correct word cards.

Treasure Hunt

Place the word cards around the classroom.

When a word appears on the Spin Game, two children race to find the matching card.

This activity works particularly well when using the Word Family modes.

Printing Notes

Bingo cards can be printed on A4 paper or cardstock.

Print on A3 when using the cards for Treasure Hunt or Memory Match.

Colour printing is optional. The resources also work well in black and white.

Print each pair of pages double-sided for easier storage.

Laminating the cards allows them to be reused many times.

Children can either circle their answers with a crayon or cover them with counters.

Teacher Notes

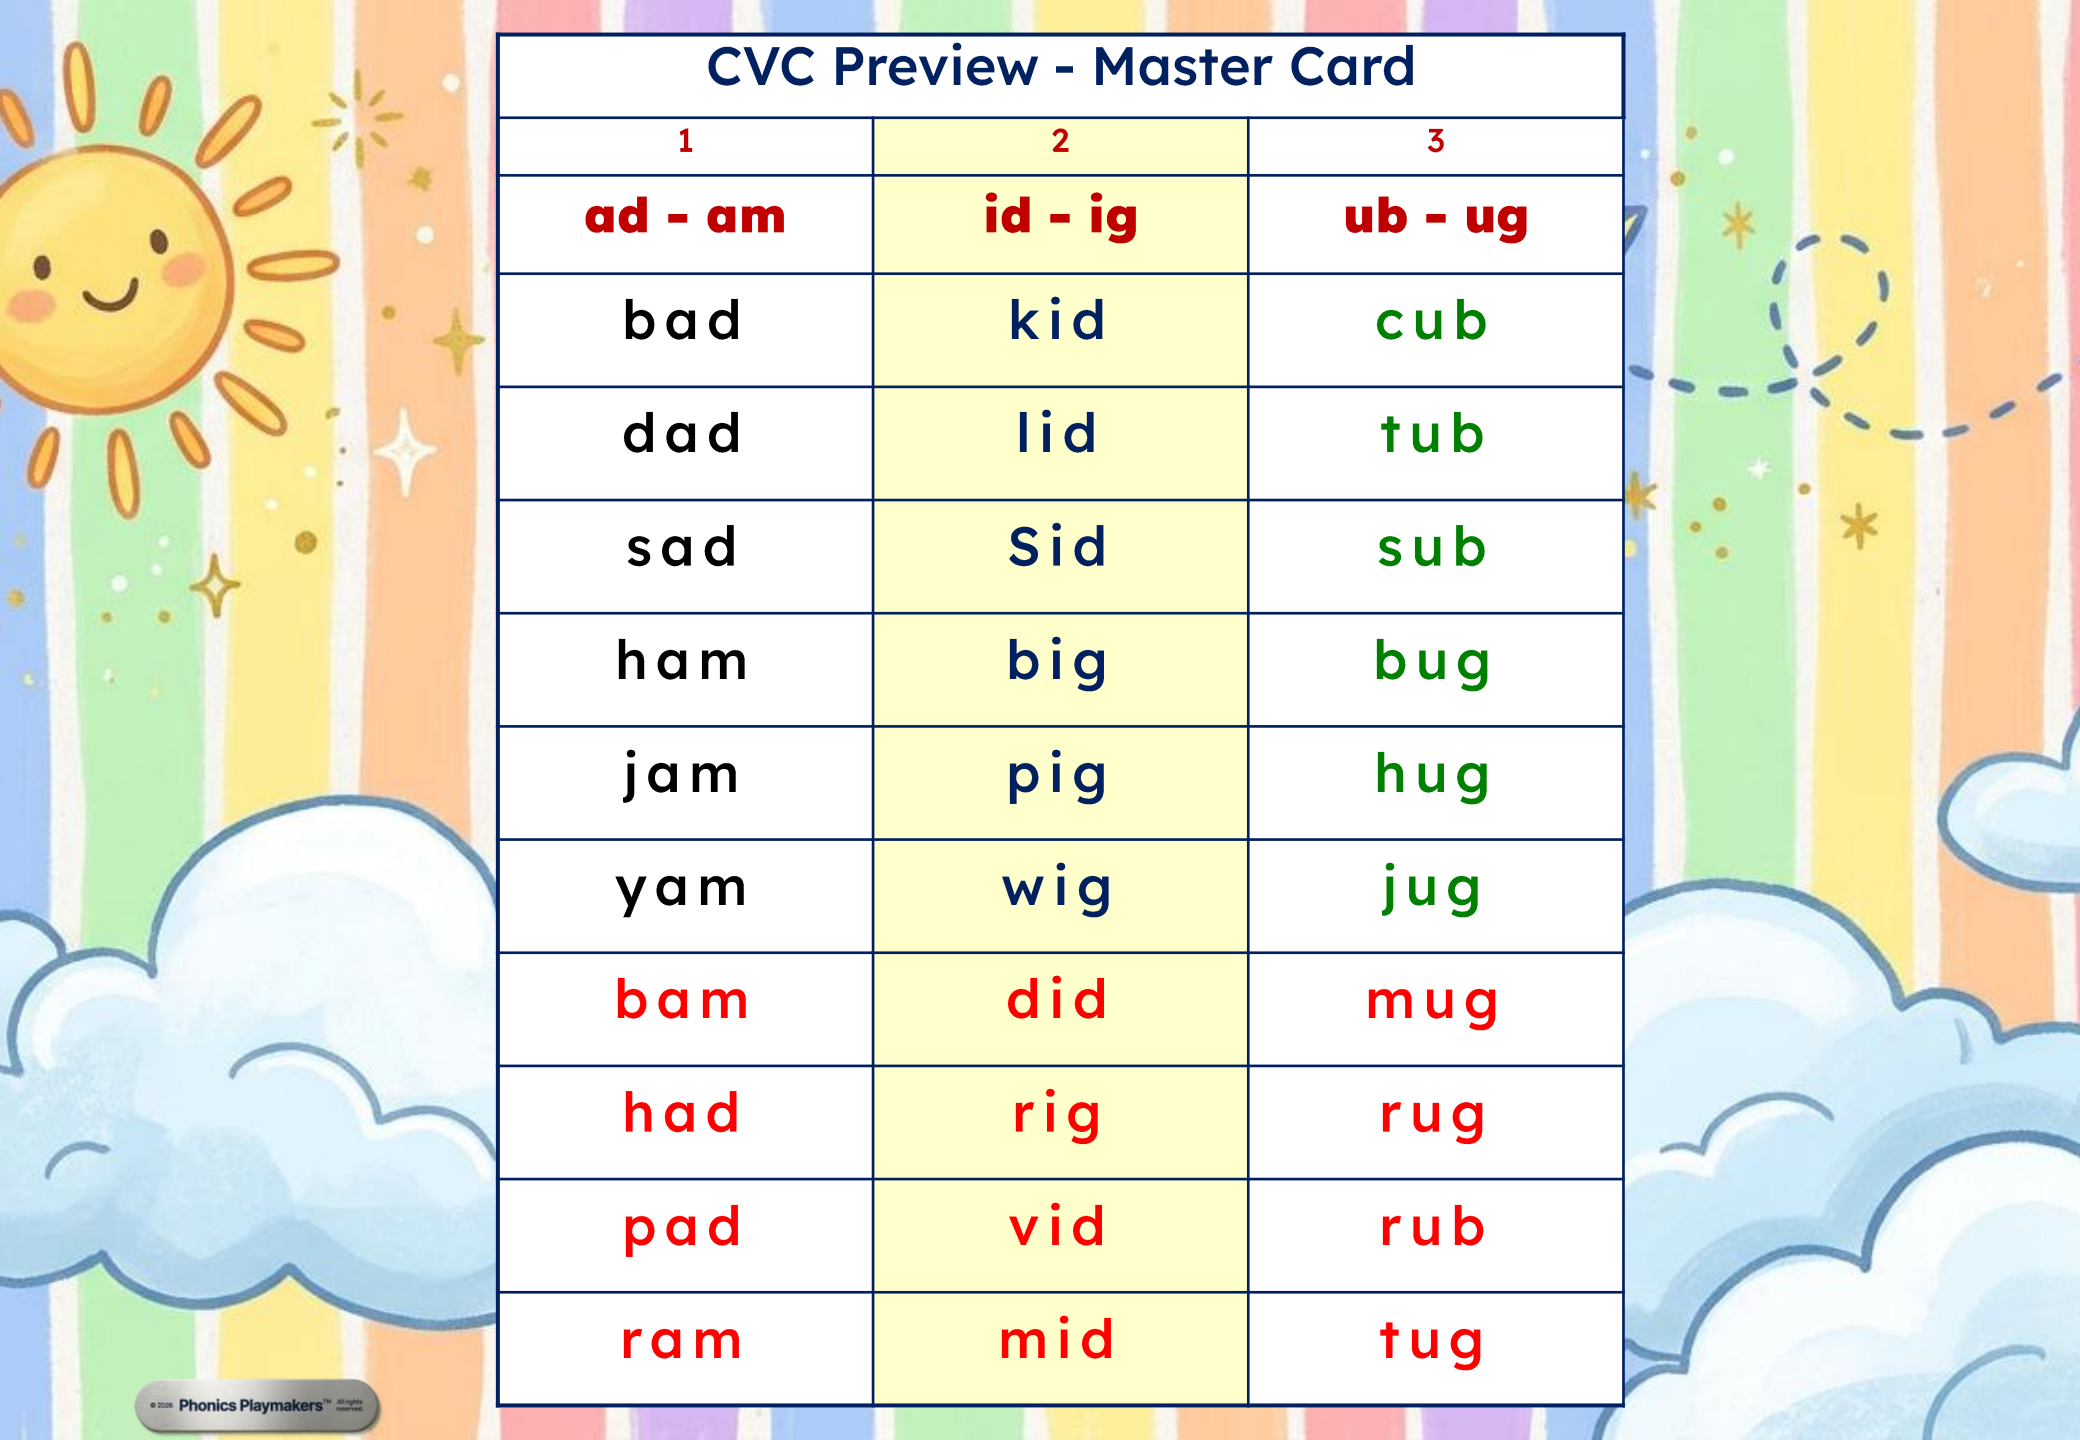

Wherever possible, the CVC words match those used throughout the other Phonics Playmakers activities, giving children repeated practice with familiar vocabulary.

Children quickly become familiar with recurring characters such as Max and Meg, helping them focus on matching the words on the whiteboard with the words on the characters' shirts.

On the master cards, black words appear on the bingo cards. Red words appear in the Spin Game but not on the bingo cards, providing additional practice without giving away every answer.

Level 3 - Word Builder

Can you make it?

Teacher's Choice

- Add pictures & try to build the words with the slot game.
- Give students word tiles, ask them to stick them onto the card & draw a picture to match the word.
- Treasure Hunt: Give students a picture card. Tell them to find the matching word & stick both on their card.
